

ANNUAL REPORT FY 2022-2023

Habitat for Humanity in Wayne County, Inc.

The year 2022-23 found us achieving our dream of owning a home of our own! We thank the community and its response in helping us to achieve our Capital Campaign goal of purchasing our building! We were also able provide and sell two houses to low-income families, helping them to achieve the American Dream.

As we move into our next year we reflect on those who have worked in the past to bring us here, and we do feel we're in a good place! Our donors have been so very faithful to us through the years. Our volunteers are our boots on the ground and we're grateful for all that they continue to give and do. Our Partner Families are the heart and soul of what we do and we're encouraged as we work beside them and witness their determination to change their lives.

22' - 23' Fiscal Year; A Home of Our Own

Our year was such an exciting one in many ways! We were able to rally our community through our capital campaign 'A Home of Our Own' and purchase our ReStore and Office building! We are truly blessed with 2700 Akron Road, Wooster, where we feel we can bloom and blossom in our community to the benefit our wonderful Wayne County.

Beyond our own home being secured, we built and sold two affordable low-income, beautiful homes in Wooster. Through our zero-interest mortgage plan, we have helped two formally renting families to achieve the American Dream of homeownership.

Two houses built and sold in 2022.
